Evaluation of Degree Project (30-60 credits)
Department of Biology

Name, date of birth:	
Titel:	
Major/Specialization:	Credits:

The following table is a support for the evaluation and final grading. For each category, 1-5 points are awarded (half points may also be used). Note that scores 1 - 2.5 are used when the student does not completely fulfil the requirements for "Pass" (score 3) in a category. See further descriptions in the "Guidelines for evaluation of Degree Projects (30-60 cr)".

The Process (primarily evaluated by the supervisor)	Grade 1-5
1. Independence of the student.	
2. Ability to carry out experiments/laboratory work and/or theoretical work, incl. documentation of the work.	
3. Ability to structure and write the essay.	
4. Processing and interpreting data.	

The Product (primarily evaluated by the examiners)	Grade 1-5
1. Organisation of the essay.	
2. Dataprocessing and presentation of the results.	
3. Discussion of results and ability to put the work into a larger perspective.	
4. Ability to present and discuss the work during the examination.	

Total: 0 (maximum 40 p)

Guideline: 60% (24p) = Pass, 80% (32p)= Pass with Distinction

Additional comments to the grading:

Final grade (mark one):
Fail ◯ **Pass** ◯ **Pass w. Distinction** ◯

Date: _____

Examiner: _____

Printed name: _____

Supervisor: _____

Printed name: _____

Supervisor accepts publication in LUP of:
- ☐ all (report + abstract + popularized summary)
- ☐ only abstract + popularized summary
- ☐ only popularized summary

External examiner: _____

Printed name: _____

Department, email (if outside Dept. of Biol.): _____
