

Evaluation of Project (BIO/MOBT03/04: 15/30 credits)
Department of Biology

Student's name:	Civic(person)number:
Project title:	
Code:	Credits:

The following table is a support for the evaluation and final grading. For each category, 1-5 points are awarded (half points may also be used). Note that scores 1 - 2.5 are used when the student does not completely fulfil the requirements for "Pass" (score 3) in a category.

The Process (primarily evaluated by the Supervisor)	Grade 1-5
1. Independence of the student	
2. Ability to carry out the project (including practicals, e.g. field- or laboratory work)	
3. The student's ability to process and analyse data	
4. The student's ability to structure and write the report	

The Product (primarily evaluated by the Examiner)	Grade 1-5
1. Organisation and quality of the written report.	
2. Data processing and presentation	
3. Ability to explain the work and put it into a larger perspective	
4. Quality of the presentation (including discussions during and after the presentation)	

Total: _____

Guideline: 60% (24p) = Pass, 80% (32p)= Pass with Distinction (maximum 40 p)

Additional comments to the grading (e.g. conditions for grade):

Final grade (mark one):			
Fail	Pass	Pass w. Distinction	Date: _____

Examiner: _____

Printed name: _____

Supervisor: _____

Printed name: _____
